

EXQUISITE CREEKSIDE RETREAT

Front

Words can't describe how incredibly beautiful this one of a kind custom home is. Totally gutted and remodeled to the tune of \$500,000 in the year 2000. The home is nestled in over an acre of towering trees and framed by a creek, creating an outdoor environment perfect for relaxation or casual entertaining.

Kitchen

Just a few of the improvements include updated flooring, special paints and textures, doors, windows, hardware, wallpapers, granite countertops, updated cabinetry and appliances in the kitchen, CAT 5 wiring, light fixtures, stonework, and much, much more.

Living Room

The floorplan is flexible and allows for several different configurations. Downstairs is the master suite, library (which can function as a fifth bedroom), exercise room, formal living and dining rooms, family room, and large kitchen and morning room. Upstairs are three large bedrooms and gameroom.

Rear

Outdoors, a gazebo, extensive patterned concrete decking, elaborate stonework, widened walkway, special lighting, sparkling pool and spa and fabulous landscaping are just a few of the amenities. Rarely does one have an opportunity to own such a spectacular home in a great location and in a wonderful school system.
